## Approval extension procedure

---

### **Distribution of a product approved by Cedre under a different trade name**

A company which has had a product approved by Cedre and registered on one of the lists available on Cedre's website may extend this approval and listing to other trade names for the same product, either on its own behalf or on that of a third party.

This approval extension is subject to the following conditions:

1. The company awarded the initial approval guarantees that the products marketed under other names (a maximum of three) are strictly identical to the approved product.
2. The company agrees to inform Cedre of the other trade names and the contact details of their distributors.
3. For each additional trade name, the distributor must pay a fee of €250 excluding tax (2017 rate) to Cedre for the registration of the product on the lists of products approved by Cedre for a period of 5 years.
4. Each listing renewal will be subject to the payment of the same fee of €250 excluding tax (2017 rate).
5. The listing period runs from the 1st of January of the year following payment of the listing fee. At the end of each 5-year period, if no listing extension request is received, this product will be removed from the lists available on Cedre's website.
